to re-refer to Committee. Senator Simpson, do you request permission to rise for a point of personal-- Senator Bereuter.

SENATOR BEREUTER: Mr. President, I was trying to insure that we did not lose the bill all together and was taking a method that I saw which would keep the bill alive and, therefore, I withdraw my motion.

PRESIDENT: Are there any objections to the request for unanimous consent to withdraw the motion by Senator Bereuter? Seeing none, the motion is withdrawn. All right, there is nothing before the floor at this time. The chair recognizes Senator Stoney.

SENATOR STONEY: Mr. President and members of the Legislature, I would like to move that we bracket this bill until February 13th, giving the Committee an opportunity to study the issue at hand.

PRESIDENT: Senator Swigart. You did not wish to be recognized.

SENATOR SWIGART: He did what I wanted to do and I second his motion.

PRESIDENT: Is there any discussion of the motion to bracket 171 until February 13? Are you asking for unanimous consent to bracket until February 13th? Is there any objection? Seeing none, 171 is bracketed. Did I hear an objection? I didn't. It is bracketed until February 13th. Mr. Clerk. The clerk has a resolution.

CLERK: Legislative Resolution #11. Read. See Pages 388, 389 and 390, Journal.

PRESIDENT: The Resolution containing those signatures will be filed. Senator Syas, for what purpose do you arise?

SENATOR SYAS: I was going to make a motion to adjourn until 10 since nobody else did it.

PRESIDENT: The Speaker is here. Do you have anything for us, Senator Burbach. Senator Simpson, you arise for a point of personal privilege. Would you state your point to the chair, please.

SENATOR SIMPSON: Yes, Mr. President. I think it is more a point of information. As the Chairman of the Inter-governmental Cooperation Committee, I wanted to say a couple of things to the body and commend somebody.

PRESIDENT: That would be in the nature of an announcement.

SENATOR SIMPSON: Now, on your desk this morning, you got a report which is initialed by Senator Burbach and Senator Richard Lewis concerning a trip that they took to Washington and I want to say, myself, that I appreciate that they have done this and we have been talking about the possibility that where Legislators are taking trips that are not specific trips of a Committee they are on but are of some other nature which we have OK'd that this type of a report should come back and go on the desk of all the Senators to show exactly what they were doing when they were authorized. My Committee and me, specifically I guess, has taken it that on all out of state traffic--traffic by Legislators, I will have to OK them and so it makes my job much easier and then, if there is criticism of one of these trips and it is done on the report that comes back, then I can review again whether we
